

nationalgrid

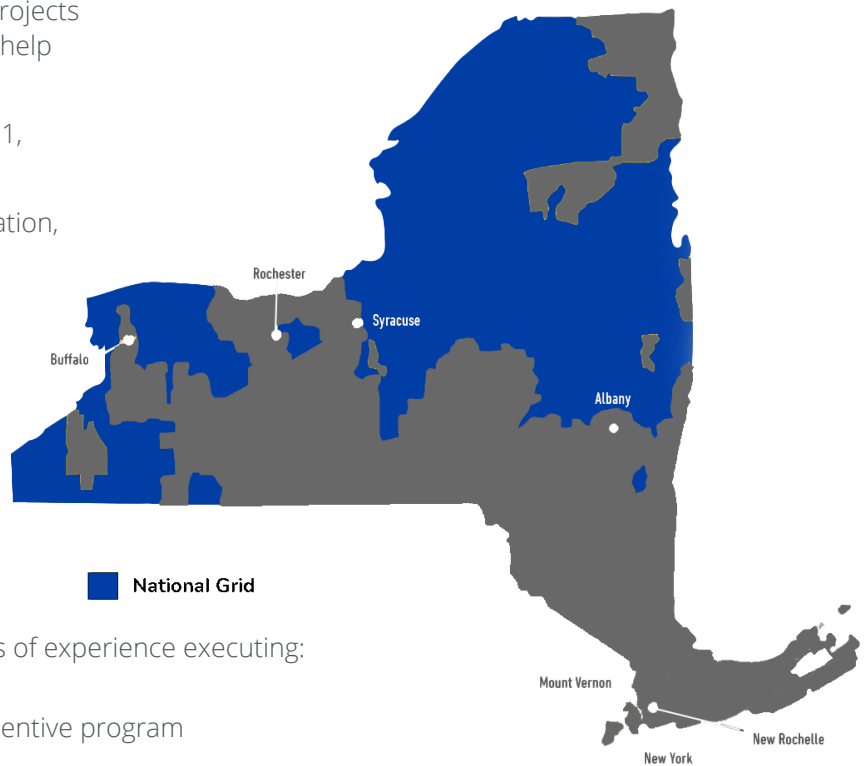

NationalGrid (NY) Bonus Program

National Grid in their New York territory is offering a robust bonus rebate opportunity for projects completed by December 31, 2025. With LED conversion rebates being phased out in other markets, this may be your last opportunity to reduce project costs.

Program Specifics

- 25% bonus incentive on qualifying lighting projects in their New York service territory (EMC can help you determine eligibility)
- Projects must be completed by December 31, 2025
- If your project meets the criteria for qualification, the bonus will be automatically added. No additional steps are needed

NationalGrid New York Service Territory Map

EMC Does the Work

As your turnkey provider, we bring over 20 years of experience executing:

Determining your eligibility for the incentive program

Working with NationalGrid to determine your expected incentive level

Managing the logistics of your project through completion

Completing and submitting the paperwork necessary to redeem your incentive payment

Next Steps

Contact EMC and we'll assess your project for eligibility. If it does qualify, we'll complete and submit the preapproval documentation and start the EnergyMAXX® process to take your project to a successful completion.

LEADING THE FUTURE OF LIGHTING + TECHNOLOGY

MAXXimize Your Lighting

EMC's turnkey project management approach, EnergyMAXX®, has helped our customers maximize the results of each project phase—from multisite energy audits to maximizing utility savings with energy rebates and incentives—bringing an immediate and positive impact to their bottom line.

The EnergyMAXX Process ensures your lighting retrofit's success by maximizing results in each project phase:

Prioritize

Target spend efficiently for your lighting projects

Audit

Ensure a strong foundation for decisions and installation

Design

Select the best fit and performance for your facilities

Incentives

Receive maximum value and drive lowest initial cost

Logistics

Coordinate to support daily business and project needs

Installation

Complete as scheduled with a comprehensive and clear scope

Service

Maximize long-term value of your new lighting systems
