

DTE Bonus Rebate Opportunity

DTE is offering a robust bonus rebate opportunity for any electric project completed in 2025. With LED conversion rebates being phased out in other markets, this may be your last opportunity to reduce project costs.

Program Specifics

- Brighten up your savings with up to 20% bonus rebates on interior and exterior lighting
- Applications must be submitted by **September 30, 2025**
- Any electric project completed in 2025

Why You Should Act

- Bonus rebates are offered for a limited time
- Rebate budgets are limited
- Lighting rebate phase outs are becoming more common as lamp bans continue to expand

EMC Does the Work

As your turnkey provider, we bring over 20 years of experience:

Determining your eligibility for the incentive program

Working with DTE to determine your expected incentive level

Managing the logistics of your project through completion

Completing and submitting the paperwork necessary to redeem your incentive payment

Next Steps

Contact EMC and we'll assess your project for eligibility. If it does qualify, we'll complete and submit the preapproval documentation and start the EnergyMAXX® process to take your project to a successful completion.

LEADING THE FUTURE OF LIGHTING + TECHNOLOGY

MAXXimize Your Lighting

EMC's turnkey project management approach, EnergyMAXX®, has helped our customers maximize the results of each project phase—from multisite energy audits to maximizing utility savings with energy rebates and incentives—bringing an immediate and positive impact to their bottom line.

The EnergyMAXX Process ensures your lighting retrofit's success by maximizing results in each project phase:

Prioritize

Target spend efficiently for your lighting projects

Audit
